

Dear Chef / Owner:

Seeingit.com has a track record of sending area residents and hotel guests toward restaurants. We are not a pay-in-advance discount card or association requiring dues, rather, a next generation media option with advertiser controlled content that is published in a community website format and pushed to social media outlets including [www.Twitter.com/BuyLocalNow](http://www.Twitter.com/BuyLocalNow) and [www.Ustream.tv/BuyLocal](http://www.Ustream.tv/BuyLocal). Without delay, you can login, upload and interchange video, PDF brochures, coupons and specials for late day inventory or promotions, and elicit consumer response in a 100 mile radius. Create a FREE AD listing, interchange pictures and host live streaming video broadcasts of your restaurant and bar, live music, or nightclub if you so choose.

Area residents and hotel guests alike enjoy our community website format to find businesses with our 1-click MAP IT feature and see their promotions. An association of 22,000 hotels chose us, and you may do well by using Seeingit.com in conjunction with your marketing campaigns. Our new Hotel Referral program will guarantee you a hotel guest pipeline and help hotels also.

If you use seasonal specials, coupons or promotions, consider our multi-media option for less than \$1 a day to interchange Video Commercials, downloadable PDF Brochures or Inventories and create printable Coupons and Promotions that also post LIVE on our followed [www.Twitter.com/BuyLocalNow](http://www.Twitter.com/BuyLocalNow) feed. You'll save print ad space and money, and it's far less expensive and technologically superior to using Newsprint, TV commercials, and Coupon Mailers alone.
